Advanced Call Handling

The 6873i IP phone provides simple and convenient methods for transferring calls and establishing conference calls.

Call Transferring

1. Ensure you are on active call with the party you wish to transfer.
2. If you are already connected to the transfer recipient, press the recipient on screen and then press the **Xfer** softkey to complete the call transfer.

OR

If you are not connected to the transfer recipient, press the **Xfer** softkey, enter the recipient's number and press the **Dial** softkey. At any time, press the **Xfer** softkey again to complete the call transfer.

3-Way Conferencing

1. Ensure you are on active call with one of the parties with whom you wish to create a conference.
2. If you are already connected to the party you wish to conference in, press the conference target on screen and press the **Conf** softkey to complete the 3-way conference.

OR

If you are not connected to the party you wish to conference in, press the **Conf** softkey, enter the conference target's number and press the **Dial** softkey. At any time, press the **Conf** softkey again to complete the 3-way conference.

Note:

If the 3-way conference is successful,  icons will be displayed in the call status indicator area of both conference participants.

Customization

Adjusting the Volume

Press the   keys during a call to adjust the volume of the audio device (handset, headset, or speakerphone). Pressing these keys when the phone is idle adjusts the ringer volume.

Selecting a Ring Tone

1. Press the  key to enter the **Settings** menu.
 2. Press the **Audio** icon.
 3. Press the **Ring Tones** icon.
 4. Swipe up/down on screen to scroll through the list; press the desired ring tone.
 5. Press the **Save** softkey to set the desired ring tone.

Other Features

Setting Up the Directory

1. Press the Directory key on the screen
2. You will see three options:
 - Local—This is a contact list set up on your phone. In order to add members, press the **Add New** key, and then fill in the information presented and press **Save**. This will save your new directory entry.
 - Extension—This is set on the ConnectMeVoice end user site under **Control Panel/Speed Dial**. The extension list will appear only on your extension. Once you enter the entries in the end user site, you will need to press “Synch Phone Directory,” and then power cycle your phone. For detailed instructions, please see our full ConnectDirect user’s guide at: <http://cdn2.hubspot.net/hubfs/146889/ConnectDirectUserGuide.pdf?t=1458247919285>
 - Corporate—This is set by a company administrator using the end user site. Corporate speed dials will appear on all end user phones.

Using the Directory

1. Press the Directory key on the screen.
2. Swipe up or down on screen to scroll through the list or press the search bar to use the search feature.
3. Press the desired contact on screen and press the **Dial** softkey to place a call using the contact’s default phone number. If you would like to place a call to a different phone number attached to the contact (if applicable), press the desired phone number on screen and press the **Dial** softkey.

Using the Received Callers List

1. Press the  key to access the Received Callers List.
 2. Swipe up or down on screen to scroll through the list. If you would like to view additional contact details, press the desired contact on screen and press the  key or **Details** softkey.
 3. Press the **Dial** softkey to place a call to the respective entry.
